RESEERVE

Project overview

RESEERVE final regional conference | 26th May 2021 | Duška Rokavec

Supported by

eit Regional Innovation Scheme

eit RawMaterials
Connecting matters

Funded by the European Union

1

Basic info

- Financing: European Institute of Innovation and Technology (EIT)
- Duration: 4/2018 - 6/2021
- Budget: 1,9 mio EUR

12 COUNTRIES

14 PARTNERS

9 RIS PARTNERS

5 NON - RIS PARTNERS

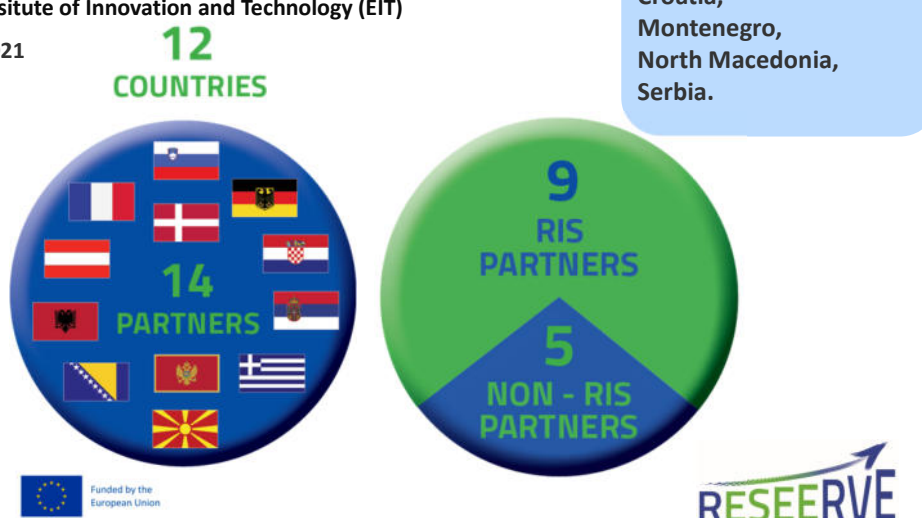

Albania,
Bosnia and Herzegovina,
Croatia,
Montenegro,
North Macedonia,
Serbia.

Connecting West Balkan (SEE) region to,

**pan-European Minerals Intelligence Network
INSPIRE aligned data (EGDI)**

Supported by

* This designation is without prejudice to positions on status and is in line with UNSCR 1244/1999 and the ICI Opinion on the Kosovo declaration of independence.

4

„RESEERVE“ – Main Objectives

- Creating **West Balkan Mineral Register** (PRM & SRM) by mapping mineral resources from 6 countries
- Integrating **West Balkan** into **pan-European Minerals Intelligence Network**
- Creating **West Balkan mineral community** to determine available and further **needed information** about MR
- **Increasing capacity** of **West Balkan countries** for **MR management** on national level

Supported by

5

„RESEERVE“ – Main Deliverables

- **West Balkan Mineral Register** of **PRM & SRM** data ✓
- Report on **competent sources** and existing **PRM & SRM** data ✓
- List of potential **secondary sources** of raw materials with economic value
- Mapping of the available **business opportunities** in the **ESEE** region ✓
- Roadmap for the **exploitation of RM** sector in the **ESEE** region
- Stakeholder's register in the **ESEE** region ✓

Supported by

6

„RESEERVE“ – Main Outputs

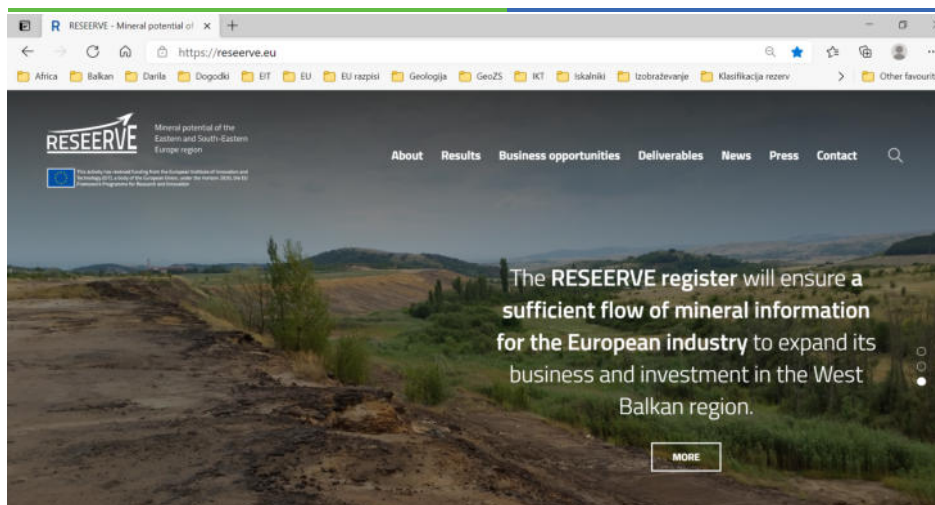

- Implementation of the **West Balkan Mineral Register** of RM data in the region ✓
- **TPs West Balkan** countries become a part of existing EU mineral classification systems ✓
- Application of recommendations on enhancement of **PRM data** for resource assessment in the region ✓
- Raised awareness about **mine and metallurgic waste sites** as potential sources of **SRM** ✓
- **Business opportunities** in the **ESEE** region mapped
- Regional and local **KTI building** ✓

Supported by

West Balkan Mineral Register

Supported by

Funded by the
European Union

10

West Balkan Mineral Register <https://reseerve.eu/>

- 473 mineral deposits (PRM data)
- 1461 mining and metalurgic waste sites (SRM data)

Impacts:

- Knowledge transfer of RM data mapping to INSPIRE
- Making West Balkan mineral potential visible to investors
- Bringing West Balkan to common EU mineral market
